Total cost for transfer					

**PRICING:**

**STRAIGHT TRANSFER**—This process results in a high quality DVD that preserves all the material on your videotape. There is no editing with this process. Chapter markers will be placed every 5 minutes or every 15 minutes, based on your direction.

**COMPUTER TRANSFER**—This process includes editing, color correction of faded scenes, specific chapter placement (e.g. arriving at the church, wedding vows, cutting of the cake, and first dance) This process also includes custom menus, chapter buttons, and video motion chapter buttons that display the first minute of each chapter, inside the button when you are on the Chapter Menu Screen.
